GRANT WOOD SCHOOL

HANDBOOK

### MISSION STATEMENT

The mission of the Grant Wood Staff, in partnership with family and community, is to provide all students a foundation for life-long learning. Our staff will challenge students to reach their fullest potential - academically, socially, and personally.

**Motto: I Can - I Try - I Start - I Finish**

# GRANT WOOD PRIDE

For: Students, Staff, and Parents

That each child is respected as a unique individual

That teaching and learning is our main business

That there is the belief that all children can learn, and that high expectations are present for staff and students

That a safe and orderly environment is maintained

That excellent condition of the building and grounds is a high priority

That active home/school relations are pursued

## **ADMINISTRATIVE TRANSFER WITHIN DISTRICT**

In certain cases an elementary school may not be able to accommodate all the children at a certain grade level and remain within class size guidelines established by the Board of Education (K-2, 25 students; and, grades 3-5, 27 students). In order to maintain these guidelines, children from one school are transferred to another elementary school within the District; one that has space available in the grade needed.

When children must be transferred, volunteers are always the first choice. Children who live near a boundary, or parents with child care in another attendance area, may wish a transfer. If volunteers are not available, children are assigned to be moved. It is never an easy decision, and every effort is made to keep children at their home schools, together with brothers and sisters, and with neighborhood children. However, if the classes are full, children must be reassigned.

Students who move into the District after classes are established may have to attend schools other than their home schools. If children are administratively transferred, the District provides transportation from the home school to the assigned school. If and when openings occur at the home school, parents are given the option of returning the child to his or her home school.

## **AFTER SCHOOL**

Students must leave the school grounds at dismissal unless waiting for a ride, and may not return to the playground until after 4:30 p.m. Since there is no playground supervision after school, play activity is not allowed on the school grounds during this time. Children are expected to go home directly after school.

Bus students will meet in the designated area with the adult supervisor, check in, and be seated. If the supervising person takes bus students outside, students are to stay in the assigned area only.

After school plans must be made prior to the school day. Therefore, students will not be granted permission to use the phone at the end of the school day to make play arrangements. We reserve the phone for unavoidable circumstances.

If your child's regular after school plans change, you must notify the teacher via phone message or written note.

## **ANIMALS**

Animals can only be brought to school if the following guidelines are observed.

- Check first with the classroom teacher, since many children are allergic to certain animals.
- Obtain permission from the building principal and sign in upon arrival.
- Safety concerns need also be considered if permission is granted.

## **ANNUAL NOTICE - STUDENT RECORD INFORMATION (FERPA)**

Please refer to Board Policy #506.1E9, Annual Notice (Model Notification of Student Rights under Family Educational Rights and Privacy Act), available on the district website at [www.bettendorf.k12.ia.us](http://www.bettendorf.k12.ia.us).

## **ANTI-BULLYING/HARASSMENT**

The school district is committed to providing all students with a safe and civil school environment in which all members of the school community are treated with dignity and respect. To that end, the school district has in place policies, procedures, and practices that are designed to reduce and eliminate bullying and harassment as well as processes and procedures to deal with incidents of bullying and harassment when they occur. Bullying and harassment of students by other students, school officials, faculty, staff, and volunteers who have direct contact with students will not be tolerated in the school district. The school district prohibits harassment, bullying, hazing, or any other victimization based on real or perceived characteristics.

Please refer to the following Board Policies regarding anti-bullying/harassment, available on the district website at [www.bettendorf.k12.ia.us](http://www.bettendorf.k12.ia.us)

- #104            Anti-Bullying/Harassment
- #104.E1        Anti-Bullying/Harassment Complaint Form
- #104.E2        Anti-Bullying/Harassment Witness Disclosure Form
- #104.E3        Disposition of Anti-Bullying/Harassment Complaint Form
  
- #104.R1 is listed below:

## **ANTI-BULLYING/HARASSMENT INVESTIGATION PROCEDURES**

Individuals who feel that they have been harassed should:

- Communicate to the harasser that the individual expects the behavior to stop, if the individual is comfortable doing so. If the individual wants assistance communicating with the harasser, the individual should ask a teacher, counselor or principal to help.

- If the harassment does not stop, or the individual does not feel comfortable confronting the harasser, the individual should:
  - tell a teacher, counselor or principal; and
  - write down exactly what happened, keep a copy and give another copy to the teacher, counselor or principal including;
    - what, when and where it happened;
    - who was involved;
    - exactly what was said or what the harasser did;
    - witnesses to the harassment;
    - what the student said or did, either at the time or later;
    - how the student felt; and
    - how the harasser responded.

### COMPLAINT PROCEDURE

Students who believe that they have been harassed or bullied will notify the building principal. All others will notify the Level I investigator or alternate. The Level I investigator and alternates are listed in student handbooks, published annually in the local newspaper, and posted in all school facilities. The investigator may request that the individual complete the Harassment/Bullying Complaint form and turn over evidence of the harassment, including, but not limited to, letters, tapes, or pictures. The complainant shall be given a copy of the completed complaint form. Information received during the investigation is kept confidential to the extent possible.

The investigator, with the approval of the principal, or the principal has the authority to initiate an investigation in the absence of a written complaint.

### INVESTIGATION PROCEDURE

The investigator will reasonably and promptly commence the investigation upon receipt of the complaint. The investigator will interview the complainant and the alleged harasser. The alleged harasser may file a written statement in response to the complaint. The investigator may also interview witnesses as deemed appropriate.

Upon completion of the investigation, the investigator will make written findings and conclusions as to each allegation of harassment and report the findings and conclusions to the principal. The investigator will provide a copy of the findings of the investigation to the principal.

### RESOLUTION OF THE COMPLAINT

Following receipt of the investigator's report, the principal may investigate further, if deemed necessary, and make a determination of any appropriate additional steps which may include discipline.

Prior to the determination of the appropriate remedial action, the principal may, at the principal's discretion, interview the complainant and the alleged harasser. The principal will file a written report closing the case and documenting any disciplinary action taken or any other action taken in response to the complaint. The complainant, the alleged harasser and the investigator will receive notice as to the conclusion of the investigation. The principal will maintain a log of information necessary to comply with Iowa Department of Education reporting procedures.

## POINTS TO REMEMBER IN THE INVESTIGATION

- Evidence uncovered in the investigation is confidential.
- Complaints must be taken seriously and investigated.
- No retaliation will be taken against individuals involved in the investigation process.
- Retaliators will be disciplined up to and including suspension and expulsion.

## CONFLICTS

If the investigator is a witness to the incident, the alternate investigator shall investigate.

## APPOINTMENTS/PICKING UP STUDENTS

Generally students are allowed to leave the school building only at dismissal times. Please come into the office to pick up your child for appointments or illness and sign him or her out in the office. **Students will not be allowed to leave the building without a parent coming in to check them out.**

Anytime you are waiting to pick up your child, please do so near the office. Parents in the hallways near the classrooms create a distraction to the instructional program of the school.

## ATTENDANCE

Daily, punctual attendance at school is a primary ingredient in obtaining the maximum benefit from the educational opportunities in the Bettendorf Community School District. It is the parent's responsibility to cause the child to attend school as required by the compulsory attendance statute.

However, we do realize that children get sick. For the protection of your child and others, do not send your child to school with any of the following symptoms:

- |                          |                                |
|--------------------------|--------------------------------|
| * Upset stomach          | * Diarrhea                     |
| * Runny nose with a cold | * Earache                      |
| * Sore throat            | * Persistent cough             |
| * Fever                  | * Rash                         |
| * Swollen glands         | * Other communicable illnesses |

### **Absences:**

If your child is going to be absent from school, we ask you to call the school office or leave a message on the attendance line prior to 8:30 a.m. If your child is not in school, and you have not notified us, you will be called at home or work to ensure that nothing has happened to your child on the way to school. Students will be counted absent from school when they are more than 90 minutes late or leave 90 minutes early.

If students are absent during the day, they should not come to nighttime school activities.

**Tardies:**

In the event that your child is going to be late, please call and let the office know. Upon arriving, the student is to check in at the office before going to his or her class.

**Vacation:**

If students go on vacation during the school year, homework will not be given beforehand. Work missed during vacation will be considered make up homework to be completed upon return.

Please refer to the following Board Policies regarding compulsory attendance, available on the district website at [www.bettendorf.k12.ia.us](http://www.bettendorf.k12.ia.us)

**BICYCLES/ROLLERBLADES/SKATEBOARDS/SCOOTERS**

The school policy is that students in grades 3, 4, and 5 may ride bicycles to school. Bicycle helmets are expected if your child rides his/her bike to/from school. Bikes should be walked on and off school property. A bicycle lock is suggested, as the school assumes no responsibility for supervision, theft, or damage of bicycles. Skateboards, roller blades, roller skates, Heelys, and scooters are not allowed on school property.

**BREAKFAST**

Breakfast is available from 7:55 to 8:25 in the lunchroom. The cost of breakfast is \$1.60. Students should not arrive prior to 7:55.

The Bettendorf Community School District uses an automated food service accounting system. You may deposit money into your child's account at any time either by sending money/check in an envelope with your child's name and room referenced, or by visiting our convenient website at <http://www.bettendorf.k12.ia.us/parents/payschools> Please allow 24 hours for your child's account to be credited.

## **BUS TRANSPORTATION**

Bus transportation at no charge is provided only for those students who reside more than 2.0 miles from their elementary school or for students who are administratively transferred. Parents who choice enroll are responsible for their child's transportation.

Bus passes will be issued to all students receiving bus transportation. Students must show their bus pass to their bus driver each day.

A copy of the bus conduct rules is included in Board policy #711.2 on the district website, [www.bettendorf.k12.ia.us](http://www.bettendorf.k12.ia.us). The Transportation Director and the principal have the authority to suspend children from the bus for unacceptable bus conduct. If a student has been suspended from the bus, it becomes the responsibility of the parents to see that the student is brought to and picked up from school.

## **CELL PHONES & ELECTRONIC DEVICES**

The school will not be responsible for electronic devices and cell phones brought to school. If a student brings a cell phone or electronic device to school s/he will be responsible for following these guidelines: devices should be turned off and left in a backpack at all times, including when riding the school bus, or on field trips. If a staff member sees the device out or hears the phone ringing during the school day, it will be turned in to the office and the student's parent may pick up the device or phone at the end of the day.

No device is permitted which allows students to send or receive personal messages that would contribute to cheating, accessing the Internet, or taking pictures. Inappropriate use of a device or a prohibited item will cause the item to be taken away from the student and returned at a later date. Students found in violation of this policy may be subject to discipline and, in cases where a law may be violated, law enforcement may be contacted. Students need to remember that whatever they put on a personal electronic device could end up anywhere so they need to ensure the devices are used appropriately.

## **CHOICE ENROLLMENT WITHIN DISTRICT**

All Bettendorf elementary students are assigned a home elementary school. Students may attend another school of "CHOICE" in certain circumstances under the District's choice enrollment policy. Permission to choice enroll is based on several factors: the reason for the request, the availability of space in the school to which transfer is requested, and whether or not the child's grade level is near maximum enrollment at the present school.

Parents must furnish transportation for students choice enrolled in other than their home schools unless a bus route already exists from the child's home or school to the school in which he/she has choice enrolled. In a case where a bus route already exists from the child's home or school to the school of "CHOICE", a fee of \$100.00 per semester will be charged for bus transportation. Elementary principals have further information and request forms for choice enrollment.

Students are not allowed to wear swimsuits or flip-flops to school to protect the learning environment and safety of students.

## **DRUG FREE SCHOOL ZONES**

The Bettendorf Board of Education, in cooperation with the Bettendorf Police Department, has established Drug Free School Zones around all schools within the Bettendorf School District. A Drug Free School Zone is identified as all property within 1,000 feet of a school. Iowa state law provides an increased penalty for a person who distributes an illegal substance to a person under eighteen years of age within the Drug Free School Zone. Any indications of drug trafficking in the area should be reported to the Bettendorf Police Department at 344-4015.

## **EDUCATIONAL EQUITY POLICY**

Every student of the Bettendorf Community School district will have equal educational opportunities regardless of race, color, creed, religion, gender, sexual orientation, gender identity, national origin, socio-economic status, disability, or marital status.

Further, no student shall be excluded from participating in, be denied the benefits of, or be subjected to discrimination under any educational program or activity conducted by the District.

It is the policy of the Bettendorf Community School District not to discriminate on the basis of race, color, creed, religion, gender, sexual orientation, gender identity, national origin, socio-economic status, disability, or marital status in its educational programs, activities, or employment practices as required by Chapter 1, Title VI and VII of the 1864 Civil Rights Act, Title IX of the 1972 Educational Amendments, and Section 504 of the Federal Rehabilitation Act of 1973.

It is also the policy of this district that the curriculum content and instructional materials utilized reflect the cultural and racial diversity present in the United States and the variety of careers, roles, and lifestyles open to women as well as men in our society. One of the objectives of the total curriculum and teaching strategies is to reduce stereotyping and to eliminate bias on the basis of race, color, creed, religion, gender, sexual orientation, gender identity, national origin, socio-economic status, disability, or marital status. The curriculum should foster

respect and appreciation for the cultural diversity found in our country and as awareness of the rights, duties, and responsibilities of each individual member of a pluralistic society.

Inquiries regarding compliance with Title IX, Title VI, or Section 504 may be directed to Mike Raso, Assistant Superintendent, Bettendorf Community School District, 3311 18th Street, Bettendorf, Iowa; or the Director of Iowa Civil Rights Commission, Des Moines, Iowa; or to the Director of the Region VII Office of Civil Rights, Department of Education, Kansas City, Missouri.

## **EMERGENCY PROCEDURES**

We have a number of fire, tornado, and emergency drills throughout the school year. In the event an emergency situation occurs at the school involving a building intruder or unsafe condition, emergency procedures have been established.

## **EXTENDED LEARNING PROGRAM (ELP)**

Bettendorf Community School District recognizes that students demonstrating the potential for exceptional academic behavior require appropriate instruction and educational service, commensurate with their abilities and needs beyond those provided by the regular school program.

Additional information about the district's Extended Learning Program (ELP) may be found in the addendum.

## **FIELD TRIPS**

Educational field trips authorized by the district are part of the curriculum for all grades PK-12. These experiences are carefully planned and carried out in the same manner as work completed in the classroom, and all school rules apply. Parents of students who do **NOT** wish to grant student permission to take field trips should notify their building principal. A principal/designee may withhold students from a field trip. Siblings are not allowed to go on field trips.

## **HOMELESSNESS**

Information for parents and students regarding homelessness is found in the addendum.

## **HOMEWORK**

## **HUMAN GROWTH AND DEVELOPMENT INFORMATION**

The Bettendorf School District has developed an extensive Comprehensive Health Program for use in Grades K-12. One of the components of this program deals with Human Growth and Development. Occasionally, some parents wish to become more knowledgeable of the material covered in that particular strand. To assist with this, the objectives for Human Growth and Development and Family Life Units and additional curriculum information are on the district website, [www.bettendorf.k12.ia.us](http://www.bettendorf.k12.ia.us).

Additional information about closings, delays and early releases will be posted on the District website at [www.bettendorf.k12.ia.us](http://www.bettendorf.k12.ia.us).

Parents who believe the weather conditions are not safe for their children have the option of keeping their child at home. If you do decide to keep your child/children at home, contact the school to report a "parent excused" absence.

The school will take precautions to protect the safety of each child. When a storm strikes during dismissal time, all students will stay in their classrooms until the storm abates.

Extra food and milk will not be available for purchase. Cost of school lunch is \$2.30.

## **MAKE-UP WORK**

Requests for make-up work can also be left on the answering machine. The kind of make-up work will vary with grade level and subject. Please allow teachers sufficient time to prepare the necessary make-up materials. Upon request, make-up work can be sent home with a classmate or neighbor.

## **MOVING**

If you move during the school year, please let us know several days in advance. During the summer, it would be helpful if you would call the school office to inform us of your move. We require a release of information form signed prior to sending a student's records to a new school outside the Bettendorf Community School District.

## **MULTI-CULTURAL GENDER FAIR EDUCATION**

Board Policy #603.4, Multi-Cultural Gender Fair Education states:

Students will have an equal opportunity for a quality education without discrimination, regardless of their race, religion, creed, socioeconomic status, color, sex, marital status, national origin, sexual orientation, gender identity or disability.

The education program is free of discrimination and provides equal opportunity for the students. The education program will foster knowledge of and respect and appreciation for the historical and contemporary contributions of diverse cultural groups, as well as men and women, to society. Special emphasis is placed on Asian-Americans, African-Americans, Hispanic-Americans and persons with disabilities. It will also reflect the wide variety of roles open to both men and women and provide equal opportunity to both sexes.

Inquiries regarding compliance with equal educational opportunity shall be directed to the compliance officer by writing to Michael Raso, Compliance Officer, Bettendorf Community School District, P.O. Box 1150, Bettendorf, IA 52722; or by telephoning 563/359-3681; or by writing to the Director of the Region VII office of Civil Rights, Department of Education, Kansas City, Missouri. Further information and copies of the procedures for filing a grievance are available in the central administration office and the administrative office in each attendance center.

## **NO CHILD LEFT BEHIND**

In January 2002, President Bush signed into law the "No Child Left Behind Act" (NCLB). Specifically, NCLB requires increased accountability, greater choice for

parents, especially in low-performing schools, and greater flexibility for states and local schools in the use of federal dollars.

Under NCLB, parents have a right to know the professional qualifications of their children's teacher(s). It is the right of a parent to ask for the following information about each of your child's classroom teachers:

1. Whether the State of Iowa has licensed or qualified the teacher for the grades and subjects he or she teaches.
2. Whether the teacher is teaching under an emergency or provisional status for which the State of Iowa licensing criteria have been waived.
3. The teacher's college major, whether the teacher has any advanced degrees and, if so, the subject of the degrees.

If you would like to receive information regarding your child's teacher, please contact your school's principal. Bettendorf Community School District is committed to the success of your child and we appreciate your partnership in our efforts.

### **NOTICE OF NONDISCRIMINATION**

Students, parents, employees and others doing business with or performing services for the Bettendorf Community School District are hereby notified that this school district does not discriminate on the basis of race, color, creed, religion, gender, sexual orientation, gender identity, national origin, socio-economic status, disability, marital status, or age (except students), in admission or access to, or treatment in, its programs and activities. The school district does not discriminate on the basis of race, color, creed, religion, gender, sexual orientation, gender identity, national origin, socio-economic status, disability, or age (except students), in admission or access to, or treatment in, its hiring and employment practices.

Any person having inquiries concerning the school district's compliance with the regulations implementing Title VI, Title VII, Title IX, the Americans with Disabilities Act (ADA), § 504 or *Iowa Code* § 280.3 is directed to contact: Mike Raso, Affirmative Action Coordinator, Bettendorf Community Schools, 3311 18th Street, P.O. Box 1150, Bettendorf, IA 52722, 563-359-3681, who has been designated by the school district to coordinate the school district's efforts to comply with the regulations implementing Title VI, Title VII, Title IX, the ADA, § 504 and *Iowa Code* § 280.3.

- 102.E2 Grievance Form
- 102.E3 Grievance Documentation

- 102.E4 Section 504 Student and Parental Rights
- 102.R1 Grievance Procedure is listed below:

### **GRIEVANCE PROCEDURE**

Students, parents of students, employees, and applicants for employment in the school district will have the right to file a formal complaint alleging discrimination under federal or state regulations requiring non-discrimination in programs and employment.

Level One - Principal, Immediate Supervisor or  
Personnel Contact Person  
(Informal and Optional - may be bypassed by the grievant)

Employees with a complaint of discrimination based upon their race, color, creed, religion, gender, sexual orientation, gender identity, national origin, socio-economic status, disability, or age are encouraged to first discuss it with their immediate supervisor, with the objective of resolving the matter informally. An applicant for employment with a complaint of discrimination based upon their race, color, creed, religion, gender, sexual orientation, gender identity, national origin, socio-economic status, disability, or age are encouraged to first discuss it with the personnel contact person. This paragraph is for employees and “marital status” isn’t a protected class for employees.

A student, or a parent of a student, with a complaint of discrimination based upon their race, color, creed, religion, gender, sexual orientation, gender identity, national origin, socio-economic status, disability, or marital status are encouraged to discuss it with the instructor, counselor, supervisor, building administrator, program administrator or personnel contact person directly involved.

Level Two - Compliance Officer

If the grievance is not resolved at Level One and the grievant wishes to pursue the grievance, the grievant may formalize it by filing a complaint in writing on a Grievance Filing Form, which may be obtained from the Compliance Officer. The complaint will state the nature of the grievance and the remedy requested. The filing of the formal, written complaint at Level Two must be within 15 working days from the date of the event giving rise to the grievance, or from the date the grievant could reasonably become aware of such occurrence. The grievant may request that a meeting concerning the complaint be held with the Compliance Officer. A minor student may be accompanied at that meeting by a parent or guardian. The Compliance Officer will investigate the complaint and attempt to resolve it. A written report from the Compliance Officer regarding action taken will be sent to the involved parties within a reasonable time after receipt of the complaint.

### Level Three - Superintendent/Administrator

If the complaint is not resolved at Level Two, the grievant may appeal it to Level Three by presenting a written appeal to the superintendent within five working days after the grievant receives the report from the Compliance Officer, the grievant may request a meeting with the Superintendent. The superintendent may request a meeting with the grievant to discuss the appeal. A decision will be rendered by the superintendent within a reasonable time after the receipt of the written appeal. If, in cases of disability grievances at the elementary and secondary level, the issue is not resolved through the grievance process, the parents have a right to an impartial hearing to resolve the issue.

### GRIEVANCE PROCEDURE

This procedure in no way denies the right of the grievant to file formal complaints with the Iowa Civil Rights Commission, the U.S. Department of Education Office for Civil Rights or Office of Special Education Programs, the Equal Employment Opportunity Commission, or the Iowa Department of Education for mediation or rectification of civil rights grievances, or to seek private counsel for complaints alleging discrimination.

### Level Four - Appeal to Board

If the grievant is not satisfied with the superintendent's decision, the grievant can file an appeal with the board within five working days of the decision. It is within the discretion of the board to determine whether it will hear the appeal.

The Compliance Officer is:

Mike Raso, Affirmative Action Coordinator, Bettendorf Community Schools, 800 23<sup>rd</sup> Street, P.O. Box 1150, Bettendorf, IA 52722, 563-359-3681. Office hours are 7:30 a.m. to 4:30 p.m., Monday through Friday.

## **PARENT/TEACHER CONFERENCES**

Parent/teacher conferences are scheduled for parents after the first quarter and the third quarter. Conferences may be arranged at any other time by either the parent or teacher.

## **PARENT INVOLVEMENT**

We urge parents to belong to our Parent Teacher Association. Parents are encouraged to become involved in the school. Please contact the office or PTA/PTO officers to obtain more information.

## **PARENT PORTAL**

Parents can now update their household, family member and non-household contact information through their Infinite Campus Parent Portal account. IC Parent Portal is the system that allows parents to securely access information about their student such as grades, attendance, assignments and lunch accounts, and to update contact information via the internet. It is critical to the health and safety of your student that you keep your contact information up-to-date.

Beginning with the 2015-2016 school year, the district will implement online registration through IC Parent Portal and you will need a parent account to access registration material. IC mobile portal apps are even available for Apple and Android devices. If you do not have computer access, please contact your building for assistance.

If you have not yet obtained access to IC Parent Portal, please contact your building secretary to receive necessary information to obtain an account. During summer break, parents at all elementaries, except Armstrong, should contact the Administration Center. If you have established a parent account but cannot remember your login information, contact Cindy Kothenbeutel at 359-3681 x 3030.

## **PARTIES**

Winter and Valentine's Day classroom parties are the scheduled parties for the school year. Closing activities will be approved through the school year.

Parents are encouraged to follow the Healthy Kids Act guidelines when sending treats to school. These guidelines are available on the district website at [www.bettendorf.k12.ia.us](http://www.bettendorf.k12.ia.us) under Services/Nutrition Services.

## **PARTY INVITATIONS**

Party invitations will not be distributed at school.

## **PHONE USE & MESSAGES FOR STUDENTS**

Please limit messages for students to emergency situations. We encourage children and parents to make plans ahead of time and reserve the phone for the rare unavoidable circumstances that occasionally occur. It is very disruptive to the instructional programs to have classes interrupted for messages, and it also demands a great deal of time from the office staff.

## **PHYSICAL RESTRAINT OF STUDENTS**

State law forbids school employees from using corporal punishment against any student. Certain actions by school employees are not considered corporal punishment. Additionally, school employees may use "reasonable and necessary force, not designed or intended to cause pain" to do certain things, such as prevent harm to persons or property.

State law also places limits on school employees' abilities to restrain or confine and detain any student. The law limits why, how, where, and for how long a school employee may restrain or confine and detain a child. If a child is restrained or confined and detained, the school must maintain documentation and must provide certain types of notice to the child's parent.

See also Board Policy #503.5, Corporal Punishment, available on the district website at [www.bettendorf.k12.ia.us](http://www.bettendorf.k12.ia.us).

If you have any questions about this state law, please contact your school. The complete text of the law and additional information is available on the Iowa Department of Education's Website link <http://www.iowa.gov/educate/> and search for [Timeout, Seclusion and Restraint](#).

## **PROTECTION OF PUPIL RIGHTS AMENDMENT (PPRA)**

PPRA affords parents and students who are 18 or emancipated minors ("eligible students") certain rights regarding our conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. Please refer to the addendum for more information.

## **RECESS**

Please dress your child appropriately for recess every day. The school policy is that students will go out every day for recess unless it is raining, the wind chill is below zero degrees, or the heat index is above 100 degrees. If you expect your child to stay in for more than two consecutive days, a written doctor's excuse will be necessary.

## **REGISTRATION AND BOOK RENTAL FEES**

The office handles all registration. Kindergarten children must present a birth certificate and up to date immunization certificate when enrolling. New students to the district must present proof of residency when enrolling. A fee is charged for the use of textbooks and workbooks. Fees are as follows:

## School Wide Instructional Model (SWIM)

In alignment with the Bettendorf Community School District's Policy on Educational Philosophy, the School Wide Instructional Model (SWIM) has been designed to graphically reflect our philosophy of teaching and learning. The SWIM model through graphic representation illustrates that schools provide a specialized staff that help students to acquire essential knowledge and skills. Students should be provided with a wide variety of learning experiences, a range of teaching styles, and instructional strategies to maximize learning.

All students are provided with differentiation of instruction provided by the classroom teacher. Students that demonstrate a need for extensions of the regular curriculum will be provided extended learning experiences by the teacher librarian, classroom teacher, community member and/or ELP teacher. Students that demonstrate high ability, high creativity and high task commitment will be provided learning experiences by the Extended Learning Program (ELP) teacher.

## **Elementary Services**

### **Classroom Differentiation Services**

Learners will be provided with a variety of differentiation options within the regular classroom. A flexible evaluation of a student's need for differentiation services occurs throughout the school year by the classroom teacher.

### **Extensions**

Extensions are for high ability students or students with a teacher recommendation based on academic proof. These services are for a small group of students working on a focused activity for a specific period of time. Extensions provide an opportunity to extend the curriculum. Extensions may be facilitated by the teacher librarian or ELP teacher.

### **Extended Learning Program (ELP)**

Fourth and fifth grade students who demonstrate educational needs beyond extensions and the classroom differentiation opportunities will be considered for this level of ELP services. This level of services follows the Autonomous Learner Model by George Betts. It has five different dimensions: orientation, individual development, enrichment, seminars, and in-depth study. These students meet with the ELP teacher weekly. This is designed for 3-5% of the students in grades four and five.

## **Middle School Services**

### **Classroom Differentiation and Extensions**

Learners may be provided an opportunity to show mastery of the material in a shorter time span and subsequently engage in challenging activities within the classroom that are subject-related. In addition, in selected classes extensions will be provided for high ability students or students with a teacher recommendation based on academic proof. These services are for a small group of students working on a focused activity for a specific period of time. Extensions provide an opportunity to extend the curriculum. Another level of extensions involves opportunities through various clubs, competitions and classes.

### **Extended Learning Program Services (ELP)**

This level of service is designed for students whose needs are specific and beyond grade level to merit advanced challenges. This level of services follows the Autonomous Learner Model by George Betts. It has five different dimensions, including orientation, individual development, enrichment, seminars, and in-depth study. This placement, which demands intellectual rigor and additional effort on the part of the student, takes place in the school day. Those students whose needs are not met within the middle school curriculum are identified for placement in ELP beginning the second semester of sixth grade. Students with qualifying ITBS test scores and/or CogAT scores who are nominated by classroom teachers and have participated in extensions

services are eligible to be screened for participation. This is designed for 3-5% of the students.

## High School Services

**Advanced Placement (AP):** Advanced level academic courses; following recommended curriculum established by The College Board. Students may earn high school credit and college credit as determined by individual college based on student AP exam score and college policy.

**Postsecondary Enrollment Option (PSEO):** Students in grade 11 or 12 applies to college and registers for eligible course with approval of high school. Approval follows PSEO guidelines regarding eligible courses and institutions. Students may earn high school and college credit upon approval from both the high school and the college.

**Articulation:** A process of curriculum alignment linking high school and community college. The process identifies competencies at each level and requires signed agreements specifying equivalency of high school and community college courses. Articulation is only available in vocational programs.

**Dual Credit:** Community college course delivered specifically for high school students in grades 11 or 12. Individual students must complete community college admission and meet admission criteria. A 28E agreement between the high school and the community college is required. Students may earn high school and community college credit.

## Extended Learning Program (ELP) Definition

Bettendorf Community School District recognizes that students demonstrating the potential for exceptional academic behavior require appropriate instruction and educational service, commensurate with their abilities and needs beyond those provided by the regular school program.

This exceptional academic behavior reflects an interaction among three interlocking clusters: well above average abilities, high levels of task commitment, and high levels of creativity. (*"A Practical System for Identifying Gifted and Talented Students"*, Joseph S. Renzulli)

### High Ability

- High levels of abstract thinking
- Verbal and numerical reasoning
- Spatial relations and word fluency
- Capacity for acquiring and making appropriate use of advanced amounts of formal knowledge.

### **High Levels of Creativity**

- Fluency, flexibility, and originality of thought
- Receptive to that which is new and different
- Curious, speculative, adventurous

### **High Levels of Task Commitment**

- Capacity for high levels of enthusiasm, fascination, and involvement in an area of interest
- Capacity for perseverance, endurance, determination, hard work and dedicated practice.

The goals of the Bettendorf Extended Learning Program are:

- To integrate gifted education into the total school program through service options which are flexible, dynamic, and inclusive.
- To provide social and emotional support for students to address their affective needs.
- To provide options which support individual growth at varying levels of abilities, needs and interests.
- To utilize an identification procedure using multiple criteria to appraise student need of differentiated services.
- To provide an on-going staff development program for teachers to serve the needs of advanced learners.
- To actively use community resources to enrich and extend the learning opportunities for advanced learners inside and outside of school.

## **Extended Learning Program (ELP) Elementary Identification Procedures**

**An ELP class is available for identified fourth and fifth grade students.  
Identification of students for ELP follows:**

### **Step 1: Creation of a Screening Pool**

A screening pool will be created annually of 3<sup>rd</sup> and 4<sup>th</sup> grade students who potentially show a need for services. Input for the screening pool will come from the following sources:

- Results from standardized tests will be used to select students for the screening pool. Students who score within the Advanced level on both Reading and Math for the Iowa assessments will be included in the screening pool.
- Classroom teachers may nominate students who may not otherwise be in the screening pool but who demonstrate gifted characteristics.

### **Step 2: Additional Assessment**

Students in the screening pool will be administered the CogAT and either a creativity test or writing prompt, depending on the grade level.

### **Step 3: The Selection Process**

Standardized test scores and data from the additional assessments will be placed in a matrix. Each student will receive a score. Screening pool students in the district will then be rated. From this information, the top 3-5% of students in the district will be selected for participation in the ELP class. This percentage will be based on district enrollment for the grade level and may include more or less than 3-5% at any given school.

### **Step 4: Parent Notification**

In May, parents will be notified by mail if their child is selected to participate in ELP.

## **Special Considerations**

### Elementary

#### **New Elementary Students**

Students new to an elementary school who have previously been identified for a gifted and talented program may submit their names at registration. Nominated students will be evaluated after records have been received. Nominated students must have documentation of their participation in a gifted and talented program. Multiple assessments comparable to the Iowa Assessments and CogAT must be submitted. When documents have been received and verified, the student may be further evaluated for participation following observation by the teacher. Entrance into the program, if it is the appropriate placement, will be at the beginning of the next quarter or unit. If a student arrives in Bettendorf during the fourth quarter, they will be screened at the end of the year for participation in next year's program.

#### **Alternative Identification Procedures**

- Minority Students
- English as a Second Language (ESL) Students
- Students who qualify for Free/Reduced Lunch

Minority students, ESL students, and students who qualify for free or reduced lunch, may be evaluated by modified identification procedures. If a teacher sees gifted behaviors from any of the above students, they may nominate them if their score falls within the Advanced level on both Reading and Math for the Iowa assessments.

Participation will be determined by qualifying scores. If this places the student in the top 3- 5% of student scores, s/he will be selected for participation in the ELP class.

## HOMELESS STUDENTS

### INFORMATION FOR PARENTS AND STUDENTS REGARDING HOMELESSNESS

If you or your family lives in any of the following situations:

## PROTECTION OF PUPIL RIGHTS AMENDMENT (PPRA)

PPRA affords parents certain rights regarding our conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right to:

- *Consent* before students are required to submit to a survey that concerns one or more of the following protected areas ("protected information survey") if the survey is funded in whole or in part by a program of the U.S. Department of Education (ED):
  1. Political affiliations or beliefs of the student or student's parent;
  2. Mental or psychological problems of the student or student's family;
  3. Sex behavior or attitudes;
  4. Illegal, anti-social, self-incriminating, or demeaning behavior;
  5. Critical appraisals of others with whom respondents have close-family relationships;
  6. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
  7. Religious practices, affiliations, or beliefs of the student or parents;
  8. Income, other than as required by law to determine program eligibility.
- *Receive notice and an opportunity to opt a student out of*:
  1. Any other protected information survey, regardless of funding;
  2. Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under State law; and
  3. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.
- *Inspect*, upon request and before administration or use:
  1. Protected information surveys of students;
  2. Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
  3. Instructional material used as part of the educational curriculum.

These rights transfer from the parents to a student who is 18 years old or an emancipated minor under State law.

The Bettendorf Community School District has developed and adopted policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. The Bettendorf Community School District will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes. The Bettendorf Community School District provides instructional program opportunities and alternate options in education for students who may need additional help to succeed academically. These programs enhance the educational opportunities for those students who qualify. The following list is not all-inclusive, since self-assessment continues at each building, creating new program opportunities which address the needs of our specific population of children. Parents interested in these program opportunities should contact the principal at their student's school. If you believe your child may have a disability which requires special education or accommodation, you may request an evaluation of your child. Students, parents, employees and others doing business with or performing services for the Bettendorf Community School District are hereby notified that this school district does not discriminate on the basis of race, color, national origin, sex, marital status or disability in admission or access to, or treatment in, its programs and activities. ### **Processes to Help Resolve Differences Between Parties**

The Mississippi Bend Area Education Agency provides for a process to aid parties in resolving differences:

*Resolution Facilitator Process.* This involves using a Resolution Facilitator (impartial person) who is trained in mediation. The process may be requested to address issues between educators (district or AEA) and parents of general education, Section 504, or special education students. It can also be used between other parties involved with the district. The Resolution Facilitator will assist in resolving differences by talking them out. The process helps make clear what the problems really are and helps everyone involved work toward an agreement which is acceptable to all. The Resolution Facilitator may be someone from within the AEA who is considered impartial to the conflict or may be selected from outside the AEA. Additional information can be requested by contacting the director of special education at the Mississippi Bend Area Education Agency by calling 1-800-947-2329, ext. 6201.

The Iowa Department of Education provides a process for issues involving special education:

*Preappeal Conference.* Instead of a due process hearing or formal mediation, this mediation option is designed to be a less stressful, less formal process. It is voluntary for all parties and involves the use of a trained, impartial mediator who contracts with, and is assigned by, the state Department of Education. The process helps make clear what the problems are and helps everyone involved work toward an agreement which is acceptable to all.

For more information, contact the Iowa Department of Education, Bureau of Student and Family Support Services, at 515-281-3176 (fax 515-242-6019). A copy of the

model form is available in the Procedural Safeguards Manual for Parents or view the manual on the DE website: <http://www.state.ia.us/educate/ecese/cfcs/pr.html>
